

Query Performance over Interfaces

Query Performance vs. Lengths (All Interfaces)

#Terms	#Queries	Mean P@10
1	12	0.16 ± 0.13
2	162	0.23 ± 0.18
3	287	0.24 ± 0.21

On average, as query length increases, P@10 scores also increase. Values reported represent the mean performance \pm standard deviations.
